

TECHNICAL PRODUCT DESCRIPTION

Product Name	Non-Reversible Temperature Label
Product Number	CMXT-IRR567/V2
Product Description	The indicator reveals white to yellow (50 °C), white to orange (60 °C), and white to red (70 °) when exposed to temperatures of (50 °C, 60 °C, 70 °C) to visually signify the monitored device has reached these temperatures.
Product Size	6" x 3.5"
Storage Conditions	<ul style="list-style-type: none">• Store the indicator pack in its original packaging before and after opening• Store in a cool, dry place at 60 to 80 °F with 30 to 60% relative humidity.• A Shelf Life Two (2) years from the date of manufacture
Installation	<ul style="list-style-type: none">• Always wear gloves when handling labels to prevent contamination from moisture• Peel the release liner off the back then adhere to the surface of the monitored device.

Product Name	Reversible Temperature Label
Product Number	CMXT-MRT-456/6
Product Description	The indicator illustrates incremental and distinct color changes in temperatures ranging from 40 °C to 70 °C to indicate current temperatures of the monitored device.
Product Size	6" x 1.88"
Storage Conditions	<ul style="list-style-type: none">• Store the indicator pack in its original packaging before and after opening• Store in a cool, dry place at 60 to 80 °F with 30 to 60% relative humidity.• A Shelf Life Two (2) years from the date of manufacture
Installation	<ul style="list-style-type: none">• <i>Always wear gloves</i> when handling labels to prevent contamination from moisture• Peel the release liner off the back then adhere to the surface of the monitored device.
